Bletchley Park bus service a real winner

An increasing number of our residents and visitors are using the Transperth Route 517 bus service, which runs between Bletchley Park and the Murdoch Railway Station. Day trippers, people going to work and students are reporting they find the short trip relaxing and a much cheaper commuting option.

The bus and train journey to the city only takes approximately 43 minutes.

Information can be obtained from Transperth www.transperth.wa.gov.au
